

Quantil is the leading supplier of young vegetable and wallflower plants to the garden centre retail market

Quantil Limited is a family-run horticultural business based in Lancashire. With over six-decades of agricultural and horticultural experience, the Symondson family established the glasshouse aspect of their production in 1994. Alongside this, the Symondsons continue to run Quantil Agriculture Ltd, which comprises a 500 acre arable farm and seed processing mill.

Our horticultural business now boasts 14 hectares (140,000 sq. m), supplied with water from our own 10,000 cubic metre water lagoon. We are the leading supplier of vegetable, herb, strawberry and ornamental plants to garden retail and commercial agricultural sectors. We continue to grow in size and scale, supplying a rich variety of products to UK farmers and gardeners.

At Quantil we understand that quality of product, presentation, and service, are paramount to meeting our retail clients' needs. With over 200 types of plant and a keen eye on growing trends, we are able to comprehensively cater to a large market, adjusting our catalogue accordingly.

Our professionally designed packaging is both smart and vibrant, offering clear and helpful information for plant care. We offer a flexible delivery service, and are able to distribute our products across the UK four days a week.

Why buy from Quantil

Complete grow your own solution

We offer a one stop shop for all your pack vegetable, pot vegetable and pot herbs, as well as additional grow your own promotions.

Deliveries 4 days a week

We deliver Tuesday to Friday allowing you to place multiple orders per week therefore keeping stock fresh and allowing you to react to changes in weather conditions.

Over 200 varieties available

A comprehensive range of vegetable and herb plants available from early February through to the end of September.

Online ordering system

Featuring live availability, order quickly and easily from your PC, laptop, tablet or smart phone.

Quality grown plants

With over 50 years of vegetable production our expertise means customers can be confident in always receiving a product grown to the highest standards.

Full POS packages

All customers receive our full POS package including header boards to bring colour and life to your grow your own area.

Small minimum order

With our delivery system customers are able to order the equivalent to approximately half a Danish trolley on a regular basis to keep stock looking fresh.

Labels and POS

Ordering and Delivery System

Ordering

Our easy to use web shop is the fastest and easiest way to order. Live availability gives you confidence you will receive what you require. Instant confirmations via email in Excel confirm your order has been received. Fully responsive to any type of device whether using pc, smart phone or tablet.

Delivery

Quantil's unique delivery system is designed to give you maximum buying flexibility enabling you to order little and often, thereby minimising waste and maximising your sales by keeping stock looking fresh.

We send our stock in palletised boxes through our courier network enabling us to deliver stock in to store within 24 hours of your order being despatched with a small minimum order of just 30 trays. We deliver 4 days a week, Tuesday through to Friday, allowing you to place multiple orders per week if required. We are able to offer same week delivery if orders are received prior to Wednesday 10am.

Web Shop from Quantil

A fully responsive online web shop from Quantil Ltd. Giving customer access to live availability data, with the ability to create an order via PC, laptop, tablet or smartphone.

This modern, forward thinking web shop is designed to be customer specific, integrating customer pricing details, account information and range with live availability data. Its user-friendly ordering interface is designed to make the ordering of stock as quick and easy as possible. Customers are also able to view account information such as invoices and credit notes, as well as an up to date account balance through their personal dashboard.

Never have to ring up again to get up to date availability, chase copies of invoices or ask for a confirmation of your order. All this is available through the **Q** Web Shop

Contact the office to register now and receive your unique login to start ordering.

Description

Our range of strip vegetables consists of over 80 varieties and offer fantastic value for money. Our bespoke packaging is designed with shelf life and profitability in mind. The single volume of compost helps plants share available water without drying out in the corners and the small foot print maximises turn over per square metre. Large colourful lock in labels mean an attractive presentation in store. This alongside our POS package will add colour and give a real lift to your grow your own area.
